FIRE AND LIFE.

CAPITAL TWO MILLIONS STERLING.

This important company, in many respects the greatest of its kind in the present age, has appointed an agency in this city. The head offices are in London and Liverpool with branches in Dublin, Edinburgh, Glasgow, Manchester, Bristol, Birmingham, Sheffield, Leeds, Newcastle, Southampton, Montreal, Toronto and other cities.

The ROYAL is remarkable; for the promptitude and liberality of its settlements; for the largest life bonuses (2/2 per cent per annum) ever continuously declared during 15 years by any Co.; for the enormous extent of its transactions, showing £ 60,000 in new life assurances for 1862, and a Fire revenue of £400,000 per annum; for its security, which has given rise to the proverb "as safe as the Royal;" for the accumulated funds in hand, over one million sterling; and for the annual income, over half-a-million sterling; and for the correct calculation of its mortality tables.

Hence the English press of all countries, including over 90 leading papers, speaks in the highest terms of this company.

The report for 1862 shows that all the property of the Co. amounting to £916,050 is real and substantial property;" the amount now exceeds one million sterling. The increase, during 11 years, of Fire business was 900 per cent, and on Life 1,150 per cent.

Messrs. M. A. GREEN AND Co. are authorised to issue policies for Fire and Life to a very large amount, at moderate premiums, the Co. being anxious to extend its foreign business, which already shows an annual revenue of £200,000. Life claims can be settled without reference to England. For further particulars please apply to

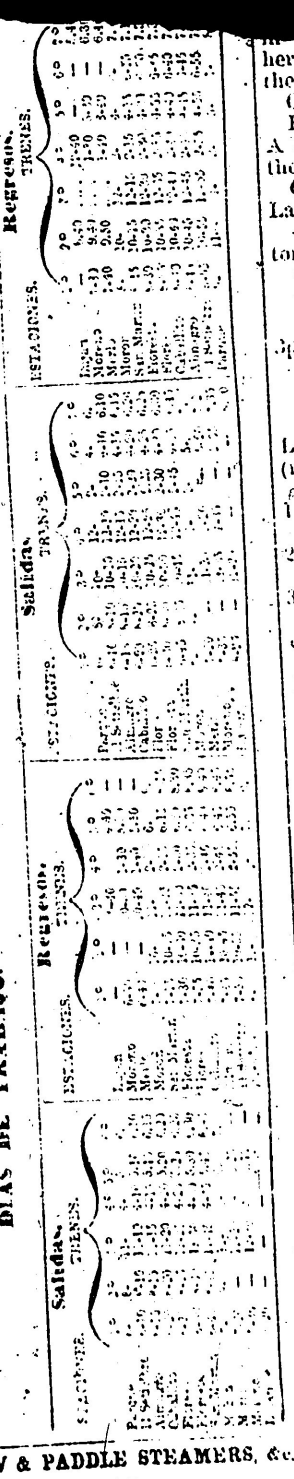
DIAS DE TRABAJO.



r. Rickard's letter on the San Juan gold has attracted attention, and some very severe comments; nevertheless, although many of our readers may feel disappointed, we have to thank Mr. Rickard for acquainting us with the real state of the case. To-morrow we will publish some interesting parti- he Marayes mines, in same

e distressed families of rrived yesterday by the they had suffered much na.

The Montevidean papers say that the Sawyer family (Scottish bell-ringers) are daily expected from Rio: they perform on 150 bells.

We were visited yesterday by farmers from Chascomus, Giles, San Pedro, Areco, and Tapalquen, who report the camps everywhere in beautiful condition. The inhabitants about Tapalquen are mostly tame Indians, who cannot be trusted very much.

Friends from Entre Rios speak highly of that province as the cheapest and best for sheep-farming, with full protection for life and property, thanks to General Urquiza's strong method of government.

It seems the Barracas tramway is abandoned, as we had feared, owing to want of capital among the projectors.

The Noche Buena nuisance on Christmas night was not so bad as in former years. A few door-knockers and signboards suffered, but there was no disorder.

We hear of some very pleasant dinner parties on Christmas Day, kept up in real old style: several of them prolonged the festivities till next morning.

MONTEVIDEO.

The news to Saturday morning is unimportant: besides the 'Reforma' and 'Plata' we have files of the new Italian paper edited by Dr. Minelli which is very creditably got up and strictly impartial in matters of local politics.

It is reported the Brazilian army, 6,000 strong, has at last invaded the Republic and is making forced marches on Paysandu. Meantime General Saá is resolved to throw himself into that town, in aid of Leandro Gomez, where they will hold out to the last, and then blow up invaders and garrison as a *dernier resort*.

'La Italia' condemns the conduct of a band of 30 Italians who under the pretence of keeping order in Salto have sacked the houses and shot some persons. It is known that Netto's Brazilian adventurers who joined Flores are only 600 (instead of 2100) in number, which raises the rebel army to 3000 men. The last commission sent from Montevideo in aid of the poor families on the Island at Paysandu took a sum of 4,000 hard dollars and clothing and supplies worth $8,000. The Freemasons sent another commission of relief on the 24th inst. The Italian war-vessels offered free passage to their countrymen to Montevideo, which however was declined.

Five negroes committed a shocking outrage on a girl only 15 years old, at Montevideo: three of them have been arrested. The dispute between Homœpathy and Allopathy terminated by a decree of Minister Sienra in favor of the former. The Vicar, Rev. Dr Vera, has just received a Bull making him Bishop of Megara *in partibus*.

The Italian amateur dramatic Co. is about giving a performance in aid of the sufferers at Paysandu. The rumor gains ground that the Mauá Bank is about to make a new loan to the Govern

town, to provide against a second siege.

The Pueblo says "A rumor is current that the vanguard of Flores was cut to pieces by General Saá." We hear also that the rebels lost 6 pieces of cannon, and both these rumors are probably true, as the silence of our colleagues is otherwise inexplicable. In a word—Paysandú has not fallen, Saá is not defeated, and we may guess that after a partial defeat Flores thought best to retire, waiting in Paysandú for the wonderful Brazilian army, which has been making forced marches on that town since last September, but has not yet been seen anywhere, except when the 'Tribuna' correspondent saw then (in his mind's eye) 10,000 strong within a league of Paysandú.

ST. ANDREW'S DAY at the DIGGINGS.

"Breathes there a man with soul so dead,
Who never to himself has said,
This is my own, my native land."

The Sons of Caledonia, stern and wild, at present sojourning at Hilario, determined to show their love for their respected auld mither by celebrating their saint's day, with what Argentines would call "una cena opipara," (anglicé a stunning feed). All the beauty, wealth and respectability of this flourishing town lent their aid to add lustre to the occasion. The respected post master, George P. Crauford, (*) acted as Chairman, assisted in his onerous duties by the Resident Chief Engineer, J. G. A.

After the craving pangs of hunger had been assuaged and the debris of the dishes removed, Mr. Crauford proposed the health of the Queen, which was uproariously responded to, amidst the enlivening strains of the Hilario Brass Band. When quiet had ensued, the Chairman, in a few words proposed "Scotchmen all over the world," and in referring to their nomadic habits so quaintly described by the late Samuel Johnson in the lines,

"Had Cain been Scot, God would have
changed his doom,
Not forced him wander, but remain at
home,"

The whole party broke up at an early hour (early in the morning), and all seemed pleased; in fact, one young gentleman, evidently suffering from a plethora of 'puchero' and 'zapallo,' was heard to express a wish that the 'gringos' had a 'fiesta' every day, and so don't we.

The spacious flower and fruit gardens were thrown open to the public. A French gentleman from Rio, M. Deverre, exhibited some feats of gymnastics.

* As a mark of esteem for the almost superhuman efforts displayed by him in arranging the post so that it never arrives in Hilario more than two days behind its time, Mr. Craufurd has been presented with a splendid set of regalia, all manufactured from the mineral produce of this province.

GENERAL JUAN SAA.

This redoubtable chief is descended from an old Scotch family; his grand father John Shaw was a cotton spinner in Glasgow, whose son joined the English army in the 93 Highlanders, as ensign, about the year 1798: his name was Henry Shaw, who subsequently came to Buenos Ayres with his regiment, Colonel Pack's brigade. Being defeated, he and his comrades were sent up as prisoners to the Province of San Juan, where after being liberated he became a good citizen and married. Felipé and Juan Shaw or Saá as they are known here, were the issue of that márriage.

SHIPWRECKS.

The cutter General Prim which arrived in Montevideo on last Friday brought the news that two vessels were aground off the Lobos Island, One is an English barque laden with rails for the Argentine Central Railway, and the other a French barque cleared from Bordeaux, with cargo of wines for Buenos Ayres.

The Captain of the Port on learning the news, at once gave information to the naval commanders and sent 2 pilot-boats to the rescue. The British war-steamer Stromboli and the steam launch belonging to the French war-steamer Astrée also started off to assist the vessels.

The Debate,

On the question "Is capital punishment justifiable?" The following young gentlemen took a prominent part in the discussion of this important question, Mr. Armstrong being in the chair:

For the abolition—Master James Fitzsimons, Master Herbert O'Rourke, Master Edward Ham, Master P. Fitzsimons, Master M. Murphy, Master Denis Harrington, Master James Suffren.

For its retention—Master E. Tormy, Master W. Fitzsimons, Master Luke Scully, Master Juan Borbon, Master E. Healy.

The arguments brought forward on both sides, for and against, were taken chiefly from Scripture, reason and experience. It appeared in the end that the Abolitionists had a decided majority in their favor.

N. B.—Business will be resumed (D.V.) in this establishment, on the 15th of January, 1865.

THE ENGLISH GRAMMAR SCHOOL, BARRACAS

In announcing the usual Christmas vacations of this institute, we may be permitted to say a few words in its favor.

The foreign public of Buenos Ayres has had now three year's experience of Mr. Pongerard's system of education, and the proof of its success is the appreciation it enjoys and its increased popularity. The director is a gentleman of valuable attainments, who commenced his career in an affiliated college of the London University whose method he was the first to introduce into this country. The establishment is in the the healthiest part of our suburbs, near the chapel of Santa Lucia: the house and grounds forming a delightful country-residence. Having recently visited the place we were struck with the neatness and elegance of the arrangements in the spacious dormitories, class-rooms, refectory play-grounds, as well as by the genteel and orderly appearance of the boys.

We feel confident that whoever takes the trouble to inspect the English Grammar-school will say these remarks are but just, respecting what may fairly be considered a new national institution among us. The place is about 20 cuadras (1¼ miles) from Plaza Victoria, and the omnibus passes every half hour.

Classes will be re-opened on January 5th.

The market opened very firm, and many of the leading bears appeared frightened, but twenty thousand patacons thrown on the market by a well known broker turned the scale, and patacons receded 20 centissimos from their opening price. Business was rather dull on 'Change, owing to the packet leaving to-morrow. In the wool markets there have been no sales of any importance: several large lots were sent to deposit.

The Provincial Bank has again changed its rate of interest, allowing 12 and charging 15 per cent. This alteration, it is thought, will seriously interfere with the business of the private banks.

A sale of 100 tons of coal was made at 12½, and in the jerked beef market we heard of the following sales:—22,000 quintals at 14⅜ for Brazil; 12,000 Brazil and Havannah mixed, 13 rls, 5,000 for Havannah 12 rls.

CHARTERS.

The Brazilian brig Pallas to load in port for Brazil, beef, 4½, 5½, 6½, and 5 per cent.

Danish brig Leonidas, do.

Dutch brig Valk to load beef for Havannah, 6 rls., and 5 per cent.

Two other charters were talked of, but we failed to get the particulars.

BENSON'S WATCHES AND CLOCKS.

Watch and Clock Maker, by Special Appointment, to His Royal Highness The Prince of Wales.

Opinion of the London Press upon Benson's Great Clocks and Watches in the Exhibition, 1862.

"As a sample of English clock work on a large scale, the works of this are probably the finest finished that have ever been seen in this country."—Standard, June 17 1862.

"A more perfect or carefully adjusted mechanism."—Times, June 17 1862.

"A triumph of ingenuity."—Telegraph March 11 1862.

"A more splendid and exquisite finished piece of mechanism we have never seen."—Standard, June 17 1862.

"Some of them are of great beauty and if the English watch-trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—Times, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection." Illustrated London News, November 8, 1862.

SAVINGS BANK.

BANK MAUA AND CO.

No. 103 Calle de Cangallo,
BUENOS AYRES.

The immense advantages of Accounts Current are now so generally felt and appreciated in the two great emporiums of the River Plate, Montevideo and Buenos Ayres that there are very few Merchants who fail to keep one at the bank in which they place the most confidence.

The Bank of Mauá and Co. in Montevideo has already provided for the working classes in that city a safe and profitable depositary for their savings.

The sums deposited in that most important institution are daily increasing, and already reach a very large amount.

These advantages have not hitherto been enjoyed in this city by an immense number of clerks, artisans, working men, and servants of all classes and conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness, or old age, instead of spending them in the immoral gambling, in latterie, and other frivolities.

The Bank of Mauá and Co. of this city, following the noble example of their firm in Montevideo, now offer the same facilities in this city, and will open a Savings Bank at No. 103 Calle Cangallo, from Nine a.m. till Three p.m. on Week Days, and on Sundays and Holidays from Ten a.m. to Twelve m., for the reception of the savings of the classes already mentioned.

The Bank will deliver to each depositor a pass book, in which will be entered the amount deposited and withdrawn.

The depositor is permitted at any time to withdraw the whole or part of the sum deposited; in the former case the interest will be calculated up to date.

The Bank of Mauá and Co. is sufficiently known to the Public by the benefit derived from the course of its operations, which are regulated on the strictest and soundest principles, and always directed to promote the general welfare ——

The bank of Mauá and Co. are also persuaded that this new branch of their business will render immense service to the working classes of Buenos Ayres and its neighbourhood

Buenos Ayres, September 19, 1863.

TOBACCO de la PALMA,

Is an article entirely different from any other in present use, and solely manufactured by the undersigned at their Steam Tobacco Manufactory.

Containing no Paraguay Tobacco it is free from that peculiar bitterness usually encountered in Tobacco heretofore manufactured in this country for "pipe" use, while its strength is comparable with that of the American Tobacco.

Being nicely cut, it prevents this unnecessary trouble to the consumer, and packed in "tins," of convenient size with adjustable covers, there is less to fear from drying than with other Tobaccos. Two very important considerations, particularly with those residing in the camp. It can, however, be obtained in packages of 1 lb each.

At the manufactory can also be found Tobacco-fuerte-colorado for cigarillos, and Tobacco Frances of the best quality at exceedingly low prices.

The "Tobacco de la Palma" can also be purchased at the following well known establishments.
